

100 Ohio Teams Descend on Wright State University for 2018 *FIRST LEGO®* League Ohio Championship and *FIRST LEGO®* League Jr. Dayton Expo

This past weekend 100 teams arrived in Fairborn, OH to participate in the *FIRST LEGO®* League Ohio Championship and *FIRST LEGO®* League Jr. Dayton Expo. There were 60 *FIRST LEGO®* League teams (Grades 4-8) that competed to be the best in Ohio and move on to the National Championship, and 40 *FIRST LEGO®* League Jr. teams that showcased what they learned and created during their season. UTC, under contract with the AF, executes the Ohio Championship and Dayton Expo in conjunction with the AF, Wright State University, and numerous volunteers from the local community. This year's *FIRST LEGO®* League winners include:

- Champion's Award: 24741 – Robo Rangers
- Champion's Finalist: 9813 – LEGO Lords
- Champion's Finalist: 2751 – LEGO Legion

FIRST LEGO® League challenges kids to think like scientists and engineers. During the HYDRO DYNAMICSSM season (2017-2018), teams will choose and solve a real-world problem in the Project. They will also build, test, and program an autonomous robot using LEGO® MINDSTORMS® technology to solve a set of missions in the Robot Game. Throughout their experience, teams will operate under the *FIRST LEGO®* League signature set of Core Values, celebrating discovery, teamwork, and Gracious Professionalism®. *FIRST LEGO®* League Jr. is a non-competitive program designed to introduce STEM concepts to kids ages 6 to 10. Students build models using LEGO® Education WeDo and create Show Me posters to present what they learned about the real-world challenge presented in the season.
